

COLONEL TAKES  
SLAM AT WILSONAsserts Reactionaries Favor  
Democratic Candidate.

## IOWANS APPLAUD ROOSEVELT

Progressive Candidate for President  
Makes Many Addresses and Appears  
Before State Convention at Des  
Moines—Scores Payne-Aldrich Law  
and Favors Speedy Tariff Revision  
Downward.

Des Moines, Sept. 5.—Upon Woodrow Wilson the hopes of the standard-bearer are gradually being centered, Colonel Roosevelt told the state Progressive convention of Iowa here. He asserted that reactionaries of both parties were now turning to the Democratic candidate.

Colonel Roosevelt also called for speedy downward revision of the tariff and denounced the Payne-Aldrich tariff law as containing "shams and humbugs."

The former president's speech was made at the close of a hard day's campaigning through Iowa. He began at 7 o'clock, when he addressed a large crowd who had arisen soon after the break of day to hear him. He kept at it with little rest until he left for St. Paul. Five speeches were scheduled for the journey through the state from Keokuk to Des Moines, but the colonel was called upon for twice that number, finding crowds awaiting him wherever his train stopped.

"There's no eight-hour law on this job," he sighed, as he entered his car after making a speech which was not on the program. The heat was oppressive and the colonel's face was streaming, but he was well pleased with his day.

Crowds which heard him were large and enthusiastic.

When Colonel Roosevelt reached Des Moines several thousand persons were massed at the railway station. He made his way to his automobile through struggling, cheering crowds and started out at the head of a parade through the city to the convention hall. All along the way the streets were crowded and the colonel was cheered constantly.

When he reached the convention hall he was the object of a tumultuous demonstration. Just before leaving for his train he made an address to a throng in front of his hotel.

## Delegates Suffer From Heat.

The convention hall was the warmest of all the places in which Colonel Roosevelt spoke during the day and most of the delegates had reached the boiling point by the time the colonel arrived. The men were in their shirt sleeves and hundreds of palm leaf fans were fluttering.

"Take off your coat, Teddy," some of the delegates called out when the colonel rose to begin his speech. "Take off your coat and sail in."

The colonel hesitated a moment and then declined.

"Maybe I haven't got a clean shirt on," he called back.

"This is only nominally a three-cornered fight," he said, "in reality the fight is between the party of the people on one side and on the other the bosses and the beneficiaries of privilege, who will throw their weight to whichever of the old parties they think can beat us."

"You'll find long before election day—already there are symptoms of it—that the old Republican party has been swept aside. The fight lies between us and the old machine Democracy."

"The official Republican party of today bears to the party of Lincoln the same resemblance that a ship which has been captured by pirates does to the ship before it was completed. Barnes, Penrose, Guggenheim and the rest of them wouldn't have known what was meant by Republican principles if you had mentioned them. Those men represent the crooked alliance between crooked politics and crooked business which has been the curse of American life."

"They knew at the Republican convention at Chicago that they were insuring the defeat of themselves. They expected the Democratic party to come into power; but they thought we would confine ourselves to putting the other set of bosses into power and that after four years they would come back again."

"Nothing is gained by changing the whip of Barnes, Penrose and Guggenheim for the scorpion of Murphy, Sullivan and Taggart. All bosses look alike to us."

## FORTY MINERS ARE KILLED

Several of Rescuing Party Among  
Victims in France.

Lens, France, Sept. 5.—At least forty coal miners are dead as the result of the explosion of fire damp in a coal mine near Bruay. Three of the rescuing party were among the killed and a number of others were injured while trying to aid their entombed comrades. Further explosions occurred and the entire pit is on fire.

Twenty-one bodies had been brought to the surface before the continued explosions caused the rescuing parties to abandon the attempt to reach the remote section of the pit in which many of the victims were working.

## OPPOSITION BADLY BEATEN

Judge John L. Stevens of Boone is the  
Nominee for Governor—Platform En-  
dorses That of National Convention,  
Reasserts Belief in Popular Rule  
and Declares Progressive Party is  
Here to Stay.

Des Moines, Sept. 5.—With John L. Stevens of Boone as their nominee for governor Iowa Progressives in convention here put a third party state ticket into the field after overcoming opposition to the plan by an overwhelming vote. Judge Stevens, who was on the reception committee to meet Colonel Roosevelt, was named by acclamation just as the Roosevelt party was entering the Coliseum.

The speech of Colonel Roosevelt interrupted the state ticket nominations, but after he had left the hall the following were named:

Lieutenant governor, W. S. Bemis, Spencer; auditor, C. F. Meyers, Elkader; treasurer, N. F. Nelson, Lucas; railroad commissioner, J. H. Stevens, Mason City; secretary of state, H. A. Morey, Waverly.

H. H. Mitchell of Dubuque and E. J. Stason of Sioux City were nominated for the Iowa supreme court.

The platform adopted endorses that of the national convention, reasserts the belief in popular rule and declares that the "Progressive party is here to stay."

Congressional candidates were nominated by caucuses for five districts as follows: Second, Herman K. Zeuch, Davenport; Third, R. E. Leach, Independence; Sixth, J. H. Patton, Grinnell; Seventh, George C. White, Nevada; Eleventh, L. W. Laughlin, Mount Airy.

The convention was late in assembling. H. P. Betty of Davenport was made permanent chairman.

## BOURNE IS FOR ROOSEVELT

Oregon Senator Will Support Colonel  
for Presidency.

Washington, Sept. 5.—Senator Jonathan Bourne of Oregon, in a formal statement, announced he would support Colonel Roosevelt's candidacy for president.

"The Republicans of Oregon as well as of every other presidential primary state except Wisconsin selected him as their choice for president this year," said Mr. Bourne. "These presidential primary returns clearly indicate that Colonel Roosevelt is the choice of the great majority of the Republican party and certainly he was of Oregon; hence, I, being the originator of the presidential preference law, shall support Colonel Roosevelt for the presidency in the November election."

## PLEASED WITH VERMONT VOTE

Governor Johnson Believes Outlook  
for Progressives Is Bright.

Davenport, Ia., Sept. 5.—Upon hearing the result of the Vermont election while en route to Chicago, Governor Johnson expressed himself as well pleased with the outlook for the Progressives.

"I did not expect the Progressives to poll half that many votes," he said. "Politics in Vermont always has been hereditary and then, too, it must be remembered that Roosevelt was not on the ticket. The strength shown virtually was that of the state candidates only."

## CUMMINS MEETS ROOSEVELT

They Discuss Trust Prosecutions,  
Says Senator.

Des Moines, Sept. 5.—Just prior to Colonel Roosevelt's departure Senator Cummins called at his room. The two men held a conference in private, at the end of which the colonel said he had received the assurance of the Iowa senator's warm support.

Senator Cummins said that most of the conversation was devoted to a discussion of the trust prosecutions. He expressed regret to the colonel that the Iowa Progressives had nominated a state ticket.

## GIRLS LEAP OUT OF WINDOWS

Several Seriously Injured and One  
Man Killed by Explosion.

Chicago, Sept. 5.—Thirty girls were forced to leap out of second story windows to escape death when an explosion, caused by benzine vapor, wrecked a building occupied by a dyeing and cleaning establishment.

Rudolph Splener, foreman of the establishment, was crushed to death in the wreckage. His body was dug out of the ruins by firemen.

Several of the girls were seriously injured in escaping.

## GOVERNOR WEST.

Oregon Executive Orders Three  
Portland Saloons to Close Up.

## WEST WILL CLOSE SALOONS

Governor of Oregon Brands Portland  
Places Public Nuisances.

Portland, Ore., Sept. 5.—Governor West served notice on proprietors of three Portland saloons to close on the ground that they are conducting public nuisances.

"These places are bad and there is no excuse for their existence," said the governor. "I am confident the public nuisance act will cover the situation fully and we shall make a test case of the matter through injunction proceedings if the proprietors do not close."

NO MATERIAL CHANGE  
IN GENERAL RESULTPractically Complete Returns  
From Vermont Election.

White River Junction, Vt., Sept. 5.—The full report of balloting in the state election in Vermont was compiled without materially altering general figures as indicated by early returns.

The unofficial total vote for governor reached 65,033, the largest in a state election in a presidential year since 1904.

The total vote of the state for all five candidates was:

Allen M. Fletcher of Cavendish, Republican, 25,259.

Harlan B. Howe of St. Johnsbury, Democrat, 20,550.

Rev. Frazer Metzger of Randolph, Progressive, 15,800.

Clement F. Smith of Morrisville, Prohibition, 1,443.

Fred W. Sutor of Barre, Socialist, 1,181.

It will be some days before the exact makeup of the legislature is known, but early estimates of sixty-three Republican majority on joint ballot were not altered by more complete returns.

Republicans re-elected both their congressmen, Frank L. Green of St. Albans and Frank Plumley of Northfield.

## TAFT MAN WINS IN NEVADA

Progressive Loses for Nomination for  
Representative.

Reno, Nev., Sept. 5.—Results of the congressional, state and county primaries in Nevada, so far as received, assure the nomination of Key Pittman, Democrat, for the United States senate; Clay Tallman, Democrat, for the house of representatives, and P. A. McCarran, Democrat, for justice of the supreme court.

On the Republican ticket E. E. Roberts, incumbent, is nominated for the house of representatives by a substantial lead over August Frohlich, representing the Progressive sentiment in the party. There were no other important contests.

Senator W. A. Massey was nominated without opposition by the Republicans for United States senator.

## COUPE REFUSES TO RETURN

Eyewitness of New York Murder is  
in England.

Preston, Eng., Sept. 5.—Thomas Coupe, former night clerk at the Elks' club in New York and an eyewitness to the murder of the gambler, Herman Rosenthal, says he is ready to help District Attorney Whitman in every possible way, but will not return to the United States.

In reply to the district attorney's wireless request that he should return to America, Coupe cabled a refusal and said he would make his deposition before an American consul in England.

Snow Falls in Nevada.

Carson City, Nev., Sept. 5.—Snow fell in the mountain west of here, covering the range to a depth of several inches. This is the earliest snow-fall in twenty-five years.

PROGRESS OF  
THE CAMPAIGNUncertainty, Inaction and Violent  
Language Mark It.

## WHAT IS GOING TO HAPPEN?

All Kinds of Stories and Predictions  
Are Going Around—Railroads' Threat  
to Refuse to Carry the Increased  
Mail Caused by the Parcel Post is  
Not Dangerous.

By ARTHUR W. DUNN.

Washington, Sept. 5.—[Special.]—Uncertainty, inaction and violent language mark the progress of the political campaign thus far. No one knows what is going to happen; no one can tell from which party Roosevelt will draw the most votes; no one can tell whether regular Republicans will support their candidate or vote for Governor Wilson in order to prevent the election of Roosevelt. In fact, there are chaotic political conditions, and the prophet is nothing but a guesser.

I have heard men say that Taft will not carry half a dozen states. I have heard others say that Roosevelt will not have more than three states, and we have seen the Illinois prediction that Taft would carry thirty-eight of the forty-eight states.

And the surest men of all are the Democrats, who profess to fear overconfidence is the only real danger that besets them.

## Republican Desertions.

It is true, however, that many Republicans fear that there may be something like a stampede of regulars, or more properly speaking, intense Roosevelt haters, to Wilson in order to make sure that there shall not be the shadow of doubt of preventing Roosevelt's election. I have heard a great deal of that kind of talk lately. It comes from the west, from states like Wisconsin, Iowa and Minnesota, states that almost always are found in the Republican column. It is even intimated that men who fought Taft in those states fear that the Republican national ticket may run third because of the desertions of regulars.

## Railroads and Parcel Post.

The intimation that the railroads may refuse to carry the increased mail caused by the parcel post is not a very dangerous threat, because it is more than probable that before the new scheme can be put into any effective operation another session of congress will have come and defects which the department and the commission have found can be remedied. The post office bill should have provided increased compensation for carrying parcels post packages, but no one knew what would be necessary for that purpose. The new scheme means a complete readjustment of the mail service.

## Scott's Suggestion.

"Why don't they call Bill Ward, Roosevelt's friend?" asked former Senator Scott of West Virginia, speaking of the investigation into campaign contributions. "Then there was Charlie Brooker, and Ex-Governor Murphy of New Jersey. They were all about headquarters as members of the executive committee."

Yes, and there were others. Frank Hitchcock was Cortelyou's confidential assistant, and there were a number of employees who may not have forgotten all that occurred in that memorable year 1904.

## "To Smoke Him Out."

Speaking of the Barnhart amendment to the postoffice bill providing for publishing the names of all responsible owners and publishers of newspapers, Senator Gallinger said, "I suppose there is some great dread or anxiety on the part of somebody that some newspaper is controlled by some corporation or plutocrat, and the purpose of this amendment is to 'smoke him out.'" The senator was exactly right.

## The Mighty Mississippi.

Congressman Randall of Louisiana made a long speech on the floods of the Mississippi river and showed why the whole country should bear a share of preventing overflows. He showed that the great stream drained 41 per cent of the whole territory of the United States, and as an outlet for the water fall of that region the government should provide a method which would not destroy vast areas of rich agricultural lands. An outline map which he published showed that the drainage basin of the great stream included all or part of thirty states of the Union. The states are: Alabama, Arkansas, Colorado, Georgia, Illinois, Indiana, Iowa, Kansas, Kentucky, Louisiana, Maryland, Minnesota, Mississippi, Missouri, Montana, Nebraska, New Mexico, New York, North Carolina, North Dakota, Ohio, Oklahoma, Pennsylvania, South Dakota, Tennessee, Texas, Virginia, West Virginia, Wisconsin and Wyoming.

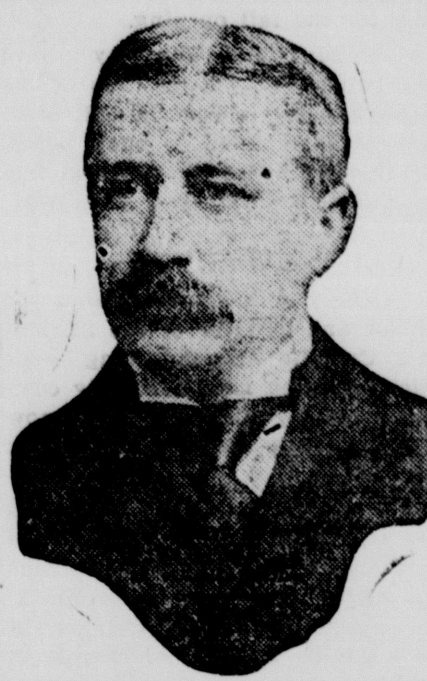

## Abbreviating Names.

The officers and sailors of the battleships and cruisers have a way of abbreviating the names of the ships that is unique. The best of all is the South Carolina, which is called the "South C." The North Carolina is the "North C." while the Rhode Island is the "Rhode N." The new Wyoming will be known as the "Y." Other names are not quite so unique, but nearly all are shortened in everything except official conversation.

## STARTS IN BUSINESS ANEW

Morse Opens Office as Head of Securities Company.

New York, Sept. 5.—Predictions that Charles W. Morse would resume his business operations since his sentence in the Atlanta penitentiary has been commuted by President Taft were fulfilled when Morse rented a small suite of offices in the heart of the financial district.

Announcement was made that the offices would be opened at once and that Mr. Morse again would be active in affairs at the head of the Morse Securities company.

At the time he was liberated his health was exceedingly poor, but he has since recovered some of his former strength.

NAME CANDIDATES  
FOR STATE OFFICESMissouri Progressives Nomi-  
nate Complete Ticket.

St. Louis, Sept. 5.—The closing hours of the Missouri state Progressive convention here witnessed a sharp debate over the nomination of three nonpartisan candidates for the supreme court. The matter finally was settled with the nomination of Progressive candidates, along with a full state ticket headed by Judge Albert D. Norton of the St. Louis court of appeals.

The matter of obtaining places on the ballots for the party's candidates also received much attention from the delegates.

It was decided that the convention should ratify the presidential electors who had been selected by the Progressive meeting in June at Kansas City. The convention also decided to ratify congressional nominations made by district conventions and those that are yet to be so nominated.

After final adjournment of the convention the state central committee met and elected Spearman Lewis as secretary. It was decided that the committee should have a secretary who was willing to serve without salary. J. A. Galbraith of Kansas City was selected. The committee then adjourned to meet at Joplin on Sept. 23, when Colonel Roosevelt will speak there.

## CHICAGO STRIKE LOOMS AGAIN

Surface Car Men Quit Conference  
After Delivering Ultimatum.

Chicago, Sept. 5.—Chicago again is threatened with a strike of the 14,000 employees of the street car lines. Unless a method of arbitration is agreed upon at a conference in Mayor Harrison's office it is said that a strike may be ordered at any moment.

The union's committee walked out of the conference with the surface railway heads in the mayor's office after delivering an ultimatum that unless the companies agreed on a plan of arbitration within twenty-four hours, negotiations would be discontinued.

The elevated road employees voted to reject the compromise offer made by the companies. An effort will be made to settle the dispute by arbitration.

## Disputed Authority.

There is a story told of Drs. Chalmers and Stewart, who argued on the street corner on some knotty point of theology with Scottish pertinacity until it was time to separate, when one of them remarked, "You will find my views very well put in a certain tract," of which he gave the title, upon which, to his surprise, his antagonist replied, "Why, I wrote that tract myself."

## WILSON GETS AN ALLIGATOR

Is Told to Feed It on Standpat Re-  
publicans.

Seagirt, N. J., Sept. 5.—A strange visitor with an unusual diet reached the executive cottage to take up its abode with Governor Wilson. It came all the way from William C. Dufferder of Pensacola, Fla., who entrusted its destiny to the Democratic nominee.

It was a baby alligator eighteen inches long and the directions on the box said "feed it on standpat Republicans."

## KAREL MAINTAINS BIG LEAD

Wisconsin Primary Election Returns  
Still Incomplete.

Milwaukee, Sept. 5.—Practically complete returns from Milwaukee county of the primary election give Karel, Democratic nominee for governor, 15,883, against 9,604 for Schmitz. In many parts of the state Karel's ratio was even greater than these figures indicate.

Governor Francis E. McGovern, unopposed, polled 4,106 in Milwaukee county, the vote being about 400 in excess of the total vote of two candidates seeking the nomination for state treasurer on the same ticket.

Henry Krumrey, Plymouth, has captured the nomination for state treasurer on the Republican ticket, according to the latest returns, defeating Henry Johnson of Madison. John F. Doherty, La Crosse, is placed on the Democratic ticket as nominee for attorney general.

## 500 DOCK LABORERS STRIKE

Want Pay During Shifting of Boats  
and Switching of Cars.

Milwaukee, Sept. 5.—Five hundred dock laborers went on strike. As a result the freight business of the great lakes, so far as Milwaukee is concerned, is hampered.

The men demand that they be paid for the time that they are waiting while the boats are being shifted and during the switching of freight cars. They assert that inasmuch as they are paid by the hour they should not be compelled to lose this time.

## BRITISH BOAT WINS RACE

Harmsworth Trophy Will Be Taken  
Back to England.

Huntington, N. Y., Sept. 5.—The Royal Motor Yacht club of England lifted the Harmsworth trophy. In the most spectacular race since the Americans brought the trophy across the Atlantic five years ago the British built hydroplane, Maple Leaf IV, won the deciding race of the series on Huntington bay. She covered the thirty-mile course in 47 minutes, 46 seconds, defeating the only American entry then running, Baby Reliance III, by 1 minute, 5 seconds.

## NEXT MONDAY ELECTION DAY

Senator O'Gorman and Representa-  
tives Burleson and Palmer Are Sent  
to Maine to Make Speeches—Acting  
Chairman McAdoo is Highly Elated  
Over the Returns From Vermont.

New York, Sept. 5.—After a conference between Acting Chairman McAdoo of the Democratic national committee, Senators Pomerene of Ohio and O'Gorman of New York and Representative Burleson of Texas, at which the result in Vermont was thoroughly discussed, it was decided to bend every effort to strengthen the Democratic campaign in Maine up to the last moment before next Monday's election.

With that end in view Senator O'Gorman and Representative Burleson left for a speaking tour in Maine. Representative A. Mitchell Palmer of Pennsylvania started for Maine Tuesday.

At the close of the conference on Vermont, Acting Chairman McAdoo gave out a statement in which he said:

"The result in Vermont tells a big story for the Democrats. The latest returns show that on state issues we have polled more than 20,000 votes and reduced the Republican plurality to less than 7,000. In other years the Republicans have claimed the state by from 25,000 to 35,000 majority. This means that the Republican party has a big job on its hands to carry the state in November on national issues. The prospects for Wilson and Marshall carrying Vermont are most gratifying."

William F. McCombs, chairman of the Democratic national committee, who has been convalescing from a nervous breakdown at a camp in the Adirondacks, returned to this city. He said the rest was of great benefit to him and that he soon will resume work directing his campaign.

Popular subscriptions of \$1 each from 1,041 contributors to the Democratic campaign fund were received in the course of the day from Arkansas newspapers and \$500, subscribed by readers of a Portland, Ore., paper also arrived.

Sprained Ankle Interferes With His  
Greeting to Chemists.

Washington, Sept. 5.—The president of the United States greeted from a wheel chair delegates to the eighth International Congress of Applied Chemistry, which was opened here to be continued in New York beginning Friday.

The principal event was a garden party on the White House grounds in honor of delegates from foreign nations. There, President Taft, disabled on account of a sprained ankle and a slight attack of gout, welcomed his guests.

The president spoke briefly to the delegates in the east room of the White House. Later he was wheeled to the lawn, where he shook hands with the visitors, smilingly apologizing because he could not rise to greet them.

Bride of Aviator Finds Letters and  
Flight Follows.

Minneapolis, L. I., Sept. 5.—A warrant was issued for the arrest of George W. Beatty, the aviator, upon the sworn complaint of his bride of a few months. Mrs. Beatty appeared in police court with her hair awry, her face scratched and bruised.

Mrs. Beatty said that the prelude to the fight was her finding in the aviator's pockets letters of an endearing nature written him by women. The warrant charges assault.

## Police and Socialists Clash.

Minneapolis, Sept. 5.—Police officers, summoned by a riot call, clashed with approximately 800 Socialists and Industrial Workers of the World, who had been listening to a woman orator at Fourth street and Nicollet avenue, the clash resulting in numerous "broken heads" and a dozen arrests.

Chicago, Sept. 5.—Richard Rabay, head of a Syrian importing firm, exchanged \$3,300 in bills for two \$10 gold pieces and a bag of gravel. Rabay was asked by two men, whom he described as Armenians, if he would exchange bills for gold, as they were going to Europe and did not want to be weighed down by the coin.

He consented and went to a bank to get the bills in order to oblige them. When they called he

## IOWANS APPLAUD ROOSEVELT

Progressive Candidate for President  
Makes Many Addresses and Appears  
Before State Convention at Des  
Moines—Scores Payne-Aldrich Law  
and Favors Speedy Tariff Revision  
Downward.

Des Moines, Sept. 5.—Upon Woodrow Wilson the hopes of the stand-patter are gradually being centered, Colonel Roosevelt told the state Progressive convention of Iowa here. He asserted that reactionaries of both parties were now turning to the Democratic candidate.

Colonel Roosevelt also called for speedy downward revision of the tariff and denounced the Payne-Aldrich tariff law as containing "shams and humbugs."

The former president's speech was made at the close of a hard day's campaigning through Iowa. He began at 7 o'clock, when he addressed a large crowd who had arisen soon after the break of day to hear him. He kept at it with little rest until he left for St. Paul. Five speeches were scheduled for the journey through the state from Keokuk to Des Moines, but the colonel was called upon for twice that number, finding crowds waiting him wherever his train stopped.

"There's no eight-hour law on this job," he sighed, as he entered his car after making a speech which was not on the program. The heat was oppressive and the colonel's face was steaming, but he was well pleased with his day.

Crowds which heard him were large and enthusiastic.

When Colonel Roosevelt reached Des Moines several thousand persons were massed at the railway station. He made his way to his automobile through struggling, cheering crowds and started out at the head of a parade through the city to the convention hall. All along the way the streets were crowded and the colonel was cheered constantly.

When he reached the convention hall he was the object of a tumultuous demonstration. Just before leaving for his train he made an address to a throng in front of his hotel.

## Delegates Suffer From Heat.

The convention hall was the warmest of all the places in which Colonel Roosevelt spoke during the day and most of the delegates had reached the boiling point by the time the colonel arrived. The men were in their shirt sleeves and hundreds of palm leaf fans were fluttering.

"Take off your coat, Teddy," some of the delegates called out when the colonel rose to begin his speech. "Take off your coat and sail in."

The colonel hesitated a moment and then declined.

"Maybe I haven't got a clean shirt on," he called back.

"This is only nominally a three-cornered fight," he said, "in reality the fight is between the party of the people on one side and on the other the bosses and the beneficiaries of privilege, who will throw their weight to whichever of the old parties they think can beat us."

"You'll find long before election day—already there are symptoms of it—that the old Republican party has been swept aside. The fight lies between us and the old machine Democracy."

"The official Republican party of today bears to the party of Lincoln the same resemblance that a ship which has been captured by pirates does to the ship before it was completed. Barnes, Penrose, Guggenheim and the rest of them wouldn't have known what was meant by Republican principles if you had mentioned them. Those men represent the crooked alliance between crooked politics and crooked business which has been the curse of American life."

"They knew at the Republican convention at Chicago that they were insuring the defeat of themselves. They expected the Democratic party to come into power; but they thought we would confine ourselves to putting the other set of bosses into power and that after four years they would come back again."

"Nothing is gained by changing the whip of Barnes, Penrose and Guggenheim for the scorpion of Murphy, Sullivan and Taggart. All bosses look alike to us."

Nominates Candidates.

## OPPOSITION BADLY BEATEN

Judge John L. Stevens of Boone is the nominee for Governor—Platform Endorses That of National Convention, Reasserts Belief in Popular Rule and Declares Progressive Party is Here to Stay.

Des Moines, Sept. 5.—With John L. Stevens of Boone as their nominee for governor Iowa Progressives in convention here put a third party state ticket into the field after overcoming opposition to the plan by an overwhelming vote. Judge Stevens, who was on the reception committee to meet Colonel Roosevelt, was named by acclamation just as the Roosevelt party was entering the Coliseum.

The speech of Colonel Roosevelt interrupted the state ticket nominations, but after he had left the hall the following were named:

Lieutenant governor, W. S. Bemis, Spencer; auditor, C. F. Meyers, Elkader; treasurer, N. F. Nelson, Lucas; railroad commissioner, J. H. Stevens, Mason City; secretary of state, H. A. Morey, Waverly.

H. H. Mitchell of Dubuque and E. J. Stason of Sioux City were nominated for the Iowa supreme court.

The platform adopted endorses that of the national convention, reasserts the belief in popular rule and declares that the "Progressive party is here to stay."

Congressional candidates were nominated by caucuses for five districts as follows: Second, Herman K. Zeuch, Davenport; Third, R. E. Leach, Independence; Sixth, J. H. Patton, Grinnell; Seventh, George C. White, Nevada; Eighth, L. W. Laughlin, Mount Airy.

The convention was late in assembling. H. P. Betty of Davenport was made permanent chairman.

## BOURNE IS FOR ROOSEVELT

Oregon Senator Will Support Colonel  
for Presidency.

Washington, Sept. 5.—Senator Jonathan Bourne of Oregon, in a formal statement, announced he would support Colonel Roosevelt's candidacy for president.

"The Republicans of Oregon as well as of every other presidential primary state except Wisconsin selected him as their choice for president this year," said Mr. Bourne. "These presidential primary returns clearly indicate that Colonel Roosevelt is the choice of the great majority of the Republican party and certainly he was of Oregon; hence, I, being the originator of the presidential preference law, shall support Colonel Roosevelt for the presidency in the November election."

## PLEASED WITH VERMONT VOTE

Governor Johnson Believes Outlook  
for Progressives Is Bright.

Davenport, Ia., Sept. 5.—Upon hearing the result of the Vermont election, while en route to Chicago, Governor Johnson expressed himself as well pleased with the outlook for the Progressives.

"I did not expect the Progressives to poll half that many votes," he said. "Politics in Vermont always has been hereditary and then, too, it must be remembered that Roosevelt was not on the ticket. The strength shown virtually was that of the state candidates only."

## CUMMINS MEETS ROOSEVELT

They Discuss Trust Prosecutions,  
Says Senator.

Des Moines, Sept. 5.—Just prior to Colonel Roosevelt's departure Senator Cummins called at his room. The two men held a conference in private, at the end of which the colonel said he had received the assurance of the Iowa senator's warm support.

Senator Cummins said that most of the conversation was devoted to a discussion of the trust prosecutions. He expressed regret to the colonel that the Iowa Progressives had nominated a state ticket.

## GIRLS LEAP OUT OF WINDOWS

Several Seriously Injured and One  
Man Killed by Explosion.

Chicago, Sept. 5.—Thirty girls were forced to leap out of second story windows to escape death when an explosion, caused by benzene vapor, wrecked a building occupied by a dyeing and cleaning establishment.

Rudolph Spliner, foreman of the establishment, was crushed to death in the wreckage. His body was dug out of the ruins by firemen.

Several of the girls were seriously injured in escaping.

## GOVERNOR WEST.

Oregon Executive Orders Three  
Portland Saloons to Close Up.

## WEST WILL CLOSE SALOONS

Governor of Oregon Brands Portland  
Places Public Nuisances.

Portland, Ore., Sept. 5.—Governor West served notice on proprietors of three Portland saloons to close on the ground that they are conducting public nuisances.

"These places are bad and there is no excuse for their existence," said the governor. "I am confident the public nuisance act will cover the situation fully and we shall make a test case of the matter through injunction proceedings if the proprietors do not close."

NO MATERIAL CHANGE  
IN GENERAL RESULTPractically Complete Returns  
From Vermont Election.

White River Junction, Vt., Sept. 5.—The full report of balloting in the state election in Vermont was completed without materially altering general figures as indicated by early returns.

The unofficial total vote for governor reached 65,033, the largest in a state election in a presidential year since 1904.

The total vote of the state for all five candidates was:

Allen M. Fletcher of Cavendish, Republican, 26,259.

Harlan B. Howe of St. Johnsbury, Democrat, 20,350.

Rev. Frazer Metzger of Randolph, Progressive, 15,800.

Clement P. Smith of Morrisville, Prohibition, 1,443.

Fred W. Suitor of Barre, Socialist, 1,181.

It will be some days before the exact makeup of the legislature is known, but early estimates of sixty-three Republican majority on joint ballot were not altered by more complete returns.

Republicans re-elected both their congressmen, Frank L. Green of St. Albans and Frank Plumley of Northfield.

## TAFT MAN WINS IN NEVADA

Progressive Loses for Nomination for  
Representative.

Reno, Nev., Sept. 5.—Results of the congressional, state and county primaries in Nevada, so far as received, assure the nomination of Key Pittman, Democrat, for the United States senate; Clay Tallman, Democrat, for the house of representatives, and P. A. McCarran, Democrat, for justice of the supreme court.

On the Republican ticket E. E. Roberts, incumbent, is nominated for the house of representatives by a substantial lead over August Frohlich, representing the Progressive sentiment in the party. There were no other important contests.

Senator W. A. Massey was nominated without opposition by the Republicans for United States senator.

## COUPE REFUSES TO RETURN

Eyewitness of New York Murder Is  
in England.

Preston, Eng., Sept. 5.—Thomas Coupe, former night clerk at the Elks' club in New York and an eyewitness to the murder of the gambler, Herman Rosenthal, says he is ready to help District Attorney Whitman in every possible way, but will not return to the United States.

In reply to the district attorney's wireless request that he should return to America, Coupe cabled a refusal and said he would make his deposition before an American consul in England.

PROGRESS OF  
THE CAMPAIGNUncertainty, Inaction and Violent  
Language Mark It.

## WHAT IS GOING TO HAPPEN?

All Kinds of Stories and Predictions Are Going Around—Railroads' Threat to Refuse to Carry the Increased Mail Caused by the Parcel Post Is Not Dangerous.

By ARTHUR W. DUNN.

Washington, Sept. 5.—[Special.]—Uncertainty, inaction and violent language mark the progress of the political campaign thus far. No one knows what is going to happen; no one can tell from which party Roosevelt will draw the most votes; no one can tell whether regular Republicans will support their candidate or vote for Governor Wilson in order to prevent the election of Roosevelt. In fact, there are chaotic political conditions, and the prophet is nothing but a guesser.

I have heard men say that Taft will not carry half a dozen states. I have heard others say that Roosevelt will not have more than three states, and we have seen the Hilles prediction that Taft would carry thirty-eight of the forty-eight states.

And the surest men of all are the Democrats, who profess to fear overconfidence is the only real danger that besets them.

## Republican Desertions.

It is true, however, that many Republicans fear that there may be something like a stampede of regulars, or, more properly speaking, intense Roosevelt haters, to Wilson in order to make sure that there shall not be the shadow of doubt of preventing Roosevelt's election. I have heard a great deal of that kind of talk lately. It comes from the west, from states like Wisconsin, Iowa and Minnesota, states that almost always are found in the Republican column. It is even intimated that men who fought Taft in those states fear that the Republican national ticket may run third because of the desertions of regulars.

## Railroads and Parcel Post.

The intimation that the railroads may refuse to carry the increased mail caused by the parcel post is not a very dangerous threat, because it is more than probable that before the new scheme can be put into any effective operation another session of congress will have come and defects which the department and the commission have found can be remedied. The post-office bill should have provided increased compensation for carrying parcels post packages, but no one knew what would be necessary for that purpose. The new scheme means a complete readjustment of the mail service.

## Scott's Suggestion.

"Why don't they call Bill Ward, Roosevelt's friend?" asked former Senator Scott of West Virginia, speaking of the investigation into campaign contributions. "Then there was Charlie Brookner, and Ex-Governor Murphy of New Jersey. They were all about headquarters as members of the executive committee."

Yes, and there were others. Frank Hitchcock was Cortelyou's confidential assistant, and there were a number of employees who may not have forgotten all that occurred in that memorable year 1904.

## "To Smoke Him Out."

Speaking of the Barnhart amendment to the postoffice bill providing for publishing the names of all responsible owners and publishers of newspapers, Senator Gallinger said, "I suppose there is some great dread or anxiety on the part of somebody that some newspaper is controlled by some corporation or plutocrat, and the purpose of this amendment is 'to smoke him out.'" The senator was exactly right.

## The Mighty Mississippi.

Congressman Ransdell of Louisiana made a long speech on the floods of the Mississippi river and showed why the whole country should bear a share of preventing overflows. He showed that the great stream drained 41 per cent of the whole territory of the United States, and as an outlet for the water fall of that region the government should provide a method which would not destroy vast areas of rich agricultural lands. An outline map which he published showed that the drainage basin of the great stream included all or part of thirty states of the Union. The states are: Alabama, Arkansas, Colorado, Georgia, Illinois, Indiana, Iowa, Kansas, Kentucky, Louisiana, Maryland, Minnesota, Mississippi, Missouri, Montana, Nebraska, New Mexico, New York, North Carolina, North Dakota, Ohio, Oklahoma, Pennsylvania, South Dakota, Tennessee, Texas, Virginia, West Virginia, Wisconsin and Wyoming.

## Abbreviating Names.

The officers and sailors of the battleships and cruisers have a way of abbreviating the names of the ships that is unique. The best of all is the South Carolina, which is called the "South C." The North Carolina is the "North C." while the North Dakota is the "North D." The Rhode Island is the "Rye." The new Wyoming will be known as the "Y." Other names are not quite so unique, but nearly all are shortened in everything except official conversation.

## Gas Lighted Buoys.

There are 287 gas lighted buoys located on the waters of the United States.

## CHARLES W. MORSE.

Former New York Banker  
Again Starts in Business.

## STARTS IN BUSINESS ANEW

Morse Opens Office as Head of Securities Company.

New York, Sept. 5.—Predictions that Charles W. Morse would resume his business operations since his sentence in the Atlanta penitentiary has been commuted by President Taft were fulfilled when Morse rented a small suite of offices in the heart of the financial district.

Announcement was made that the offices would be opened at once and that Mr. Morse again would be active in affairs at the head of the Morse Securities company.

At the time he was liberated his health was exceedingly poor, but he has since recovered some of his former strength.

NAME CANDIDATES  
FOR STATE OFFICESMissouri Progressives Nominate  
Complete Ticket.

St. Louis, Sept. 5.—The closing hours of the Missouri state Progressive convention here witnessed a sharp debate over the nomination of three nonpartisan candidates for the supreme court. The matter finally was settled with the nomination of Progressive candidates, along with a full state ticket headed by Judge Albert D. Norton of the St. Louis court of appeals.

The matter of obtaining places on the ballots for the party's candidates also received much attention from the delegates.

It was decided that the convention should ratify the presidential electors who had been selected by the Progressive meeting in June at Kansas City. The convention also decided to ratify congressional nominations made by district conventions and those that are yet to be so nominated.

After final adjournment of the convention the state central committee met and elected Spearman Lewis as secretary. It was decided that the committee should have a secretary who was willing to serve without salary. J. A. Galbraith of Kansas City was selected. The committee then adjourned to meet at Joplin on Sept. 23, when Colonel Roosevelt will speak there.

## CHICAGO STRIKE LOOMS AGAIN

Surface Car Men Quit Conference  
After Delivering Ultimatum.

Chicago, Sept. 5.—Chicago again is threatened with a strike of the 14,000 employees of the street car lines.

Unless a method of arbitration is agreed upon at a conference in Mayor Harrison's office it is said that a strike may be ordered at any moment.

The union's committee walked out of the conference with the surface railway heads in the mayor's office after delivering an ultimatum that unless the companies agreed on a plan of arbitration within twenty-four hours, negotiations would be discontinued.

The elevated road employees voted to reject the compromise offer made to the companies. An effort will be made to settle the dispute by arbitration.

## Disputed Authority.

There is a story told of Drs. Chalmers and Stewart, who argued on the street corner on some knotty point of theology with Scottish pertinacity until it was time to separate, when one of them remarked, "You will find my views very well put in a certain tract," of which he gave the title, upon which, to his surprise, his antagonist replied, "Why, I wrote that tract myself."

## WILSON GETS AN ALLIGATOR

Is Told to Feed It on Standpat Republicans.

Seagirt, N. J., Sept. 5.—A strange visitor with an unusual diet reached the executive cottage to take up its abode with Governor Wilson. It came all the way from William C. Dufferin of Pensacola, Fla., who entrusted its destiny to the Democratic nominee.

It was a baby alligator eighteen inches long and the directions on the box said "feed it on standpat Republicans."

PLAN VIGOROUS  
FIGHT IN MAINE

## KAREL MAINTAINS BIG LEAD

Wisconsin Primary Election Returns  
Still Incomplete.

Milwaukee, Sept. 5.—Practically complete returns from Milwaukee county of the primary election give Karel, Democratic nominee for governor, 15,883, against 9,604 for Schmitz. In many parts of the state Karel's ratio was even greater than these figures indicate.

Governor Francis E. McGovern, unopposed, polled 4,106 in Milwaukee county, the vote being about 400 in excess of the total vote of two candidates seeking the nomination for state treasurer on the same ticket.

Henry Krumrey, Plymouth, has captured the nomination for state treasurer on the Republican ticket, according to the latest returns, defeating Henry Johnson of Madison. John F. Doherty, La Crosse, is placed on the Democratic ticket as nominee for attorney general.

## 500 DOCK LABORERS STRIKE

Want Pay During Shifting of Boats  
and Switching of Cars.

Milwaukee, Sept. 5.—Five hundred dock laborers went on strike. As a result the freight business of the great lakes, so far as Milwaukee is concerned, is hampered.

The men demand that they be paid for the time that they are waiting while the boats are being shifted and during the switching of freight cars. They assert that inasmuch as they are paid by the hour they should not be compelled to lose this time.

## BRITISH BOAT WINS RACE

Harmsworth Trophy Will Be Taken  
Back to England.

Huntington, N. Y., Sept. 5.—The Royal Motor Yacht club of England lifted the Harmsworth trophy. In the most spectacular race since the Americans brought the trophy across the Atlantic five years ago the British built hydroplane, Maple Leaf IV, won the deciding race of the series on Huntington bay. She covered the thirty-mile course in 47 minutes, 46 seconds, defeating the only American entry then running, Baby Reliance III, by 1 minute, 5 seconds.

## Democrats Decide to Make Hurricane Campaign.

## NEXT MONDAY ELECTION DAY

Senator O'Gorman and Representatives Burleson and Palmer Are Sent to Maine to Make Speeches—Acting Chairman McAdoo is Highly Elated Over the Returns From Vermont.

New York, Sept. 5.—After a conference between Acting Chairman McAdoo of the Democratic national committee, Senators Pomerene of Ohio and O'Gorman of New York and Representative Burleson of Texas, at which the result in Vermont was thoroughly discussed, it was decided to bend every effort to strengthen the Democratic campaign in Maine up to the last moment before next Monday's election.

With that end in view Senator O'Gorman and Representative Burleson left for a speaking tour in Maine. Representative A. Mitchell Palmer of Pennsylvania started for Maine Tuesday.

At the close of the conference on Vermont, Acting Chairman McAdoo gave out a statement in which he said: "The result in Vermont tells a big story for the Democrats. The latest returns show that on state issues we have polled more than 20,000 votes and reduced the Republican plurality to less than 7,000. In other years the Republicans have claimed the state by from 25,000 to 35,000 majority. This means that the Republican party has a big job on its hands to carry the state in November on national issues. The prospects for Wilson and Marshall carrying Vermont are most gratifying."

William F. McCombs, chairman of the Democratic national committee, who has been convalescing from a nervous breakdown at a camp in the Adirondacks, returned to this city. He said the rest was of great benefit to him and that he soon will resume work directing his campaign.

Popular subscriptions of \$1 each from 1,041 contributors to the Democratic campaign fund were received in the course of the day from Arkansas newspapers and \$500, subscribed by readers of a Portland, Ore., paper also arrived.

## PRESIDENT IN WHEEL CHAIR

Sprained Ankle Interferes With His  
Greeting to Chemists.

Washington, Sept. 5.—The president of the United States greeted from a wheel chair delegates to the eighth International Congress of Applied Chemistry, which was opened here to be continued in New York beginning Friday.

The principal event was a garden party on the White House grounds in honor of delegates from foreign nations. There, President Taft, disabled on account of a sprained ankle and a slight attack of gout, welcomed his guests.

The president spoke briefly to the delegates in the east room of the White House. Later he was wheeled to the lawn, where he shook hands with the visitors, smilingly apologizing because he could not rise to greet them.

## SAYS BIRD MAN IS FALSE

Bride of Aviator Finds Letters and  
Fight Follows.

Minneapolis, L. L., Sept. 5.—A warrant was issued for the arrest of George W. Beatty, the aviator, upon a sworn complaint of his bride of a few months. Mrs. Beatty appeared in police court with her hair awry, her face scratched and bruised.

Mrs. Beatty said that the prelude to the fight was her finding in the aviator's pockets letters of an endearing nature written him by women. The warrant charges assault.

## Police and Socialists Clash.

Minneapolis, Sept. 5.—Police officers, summoned by a riot call, clashed with approximately 800 Socialists and Industrial Workers of the World, who had been listening to a woman orator at Fourth street and Nicollet avenue, the clash resulting in numerous "broken heads" and a dozen arrests.

ment bank was a kingfisher who has  
been despoiling the park of its gold  
fish. Poising his weapon, Mr. Adair  
pulled the trigger and Mr. King-  
fisher toppled over dead while his  
crimson blood stained the waters of  
the fountain. The gold fish have  
spawned and thousands of little ones  
are swimming about. When very  
young the gold fish resemble ordi-  
nary minnows. As they grow older  
they gather the brilliant colors  
which distinguish them from ordi-  
nary fish.

No longer will it be true that the  
world lies in the Wicked One; there-  
fore the world will be under Messiah's  
Kingdom. Satan will be bound. The  
knowledge of the Lord will fill the  
earth, and every creature will have op-  
portunity of return to the Father's  
House. The wilfully disobedient will  
be destroyed in the Second Death.

"We Have an Advocate."  
It will be observed that the Church  
is separate and distinct from the world  
and developed as the Body of the Medi-  
ator. The Church is called to become  
partaker of her Redeemer's sufferings  
and His divine nature. She was, by  
nature, "children of wrath even as oth-  
ers," hence needs Divine mercy also.

The invitation of this Age is to suf-  
fer with Christ, to sacrifice earthly in-  
terests and hopes, to be dead to the  
world with Him, and thus to be made  
sharers with Him in His heavenly  
glory and Kingdom.

But none is worthy to offer sacrifice  
nor could God accept imperfect sacrifices;  
hence the Divine provision is that  
we present our bodies to the High  
Priest for sacrifice. He then becomes  
our Advocate, and, in harmony with  
the Divine will, accepts us as "His  
flesh" and sacrifices us as such, imput-  
ing to us of His own merit to cover  
our blemishes. Thus the Church is  
"accepted in the Beloved." Thus suf-  
fering with Him as His members, we  
receive also a share with Him in His  
reward as members of the Body of  
Messiah, the Mediator, Prophet, Priest  
and King, through whom God's bless-  
ings are soon to be dispensed to the  
entire groaning creation, under the terms  
of the New Covenant. An appreciation  
of the Divine arrangement helps  
us greatly to estimate our privilege of  
suffering with Him, that we may also  
reign with Him.

**THERE IS ONE GOD  
AND ONE MEDIATOR**

The World Needs a Mediator,  
Church Needs Advocate.

Pastor Russell Addressed Two Large  
Audiences in Stockholm Yesterday.  
Left to Fill Lecture Appointment in  
Copenhagen, Brussels and London.

Stockholm, Aug-  
ust 25.—Pastor  
Russell of London  
Tabernacle ad-  
dressed two large  
congregations here  
in Swedish and  
left for Copen-  
hagen, Kiel, Brus-  
sels and London.  
We report one of  
his addresses from  
1 Timothy II, 5, 6:  
"There is one God,  
and one Mediator  
between God and man, the Man Christ  
Jesus, who gave Himself a Ransom  
for all, to be testified in due time."

Many wonder why God does not for-  
give sin freely without requiring the  
death of Christ as a basis for reconcil-  
ation. We are to forgive those who  
trespass against us, because we do not  
occupy the place of Creator and Judge  
towards our fellows, and because we  
ourselves are sinners like others. For  
the Creator to forgive sin and remit  
its penalty unconditionally would be  
to admit either that the Law and pen-  
alty were too severe or that man was  
imperfect in his creation and unable  
to keep a perfect law.

Justice Cannot Admit Either Premise.  
Divine Justice cannot admit either  
premise. Man was created "very  
good," and the Law was reasonable,  
and the penalty just. For God to have  
overridden the justice of His own de-  
crees would have opened the door for  
transgressions on the part of angels,  
for each creature might justly claim  
the privilege of sin and forgiveness.  
This would vitiate justice. Instead,  
God manifested His love by providing  
a satisfaction for man's sin, a substitute  
under the penalty—Jesus.

The Logos was made flesh, and died  
willingly; "for the joy that was set be-  
fore Him He endured the cross." The  
joy included the work mentioned in  
our text and also His own exaltation  
to the right hand of Divine Majesty.

Thus the Man Christ Jesus laid down  
an unforgotten human life and received  
the divine nature and glory far above  
angels. The human life laid down is  
to be "a ransom for all, to be testified  
in due time." (1 Timothy II, 6.) But  
that due time has not yet come nor has  
that sacrifice been appropriated for  
mankind. Hence "the sin of the world"  
is not yet taken away, although as the  
Mediator, Jesus has laid the price of  
human redemption in the hands of Di-  
vine Justice.

Jesus awaits the gathering of the  
Church, over whom He is Head. He,  
with the Church, His Body, will con-  
stitute the great Mediator, who will in-  
augurate the New Covenant, after com-  
pleting His "better sacrifices." (He-  
brews IX, 23.) The first of these was  
His own flesh; the remainder is the  
flesh of His Church; thus He said to  
Saul of Tarsus, "I am Jesus whom  
thou persecutest." See also Ephesians  
V, 30-32.

When the foreordained number of  
His members shall have passed to Him,  
beyond the veil, then the great Medi-  
ator will be completed. Then blood-  
atonement will be applied on behalf of  
the world, and Divine Justice will ac-  
cept that ransom-price. Thereafter the  
world will be free from the death sen-  
tence. Forthwith Christ will establish  
His Kingdom for restoring all that was  
lost in Adam.

No longer will it be true that the  
world lies in the Wicked One; there-  
fore the world will be under Messiah's  
Kingdom. Satan will be bound. The  
knowledge of the Lord will fill the  
earth, and every creature will have op-  
portunity of return to the Father's  
House. The wilfully disobedient will  
be destroyed in the Second Death.

At five o'clock one morning last  
week, Sam Adair swung his trusty  
gun over his shoulder and crept  
through the perogolas and flower beds  
of Gregory park until he came in  
view of the fountain in the center  
of the park. Chattering on the ce-  
ment bank was a kingfisher who has  
been despoiling the park of its gold  
fish. Poising his weapon, Mr. Adair  
pulled the trigger and Mr. King-  
fisher toppled over dead while his  
crimson blood stained the waters of  
the fountain. The gold fish have  
spawned and thousands of little ones  
are swimming about. When very  
young the gold fish resemble ordi-  
nary minnows. As they grow older  
they gather the brilliant colors  
which distinguish them from ordi-  
nary fish.

**Lava.**  
Lava may be blown into opaque bot-  
tles of gossamer lightness, and the  
harder sort makes a beautiful green  
glass of half the weight and double the  
strength of ordinary glass. But it is  
not always the same. Every volcano  
pours out its own special brand of  
molten mixture, disagreeable to walk  
on, but sometimes yielding precious  
products, as pumice stone. Lava, like  
all things, decomposes under the touch  
of time, as the fertile plains of Sicily  
testify.

## THERE IS ONE GOD AND ONE MEDIATOR

The World Needs a Mediator,  
Church Needs Advocate.

Pastor Russell Addressed Two Large  
Audiences in Stockholm Yesterday.  
Left to Fill Lecture Appointment in  
Copenhagen, Brussels and London.

(PASTOR RUSSELL)

Stockholm, Aug-  
ust 25.—Pastor  
Russell of London  
Tabernacle ad-  
dressed two large  
congregations here  
in Swedish and  
left for Copenha-  
gen, Kiel, Brus-  
sels and London.  
We report one of  
his addresses from  
1 Timothy II, 5, 6:  
"There is one God,  
and one Mediator  
between God and man, the Man Christ  
Jesus, who gave Himself a Ransom  
for all, to be testified in due time."

Many wonder why God does not for-  
give sin freely without requiring the  
death of Christ as a basis for reconcil-  
ation. We are to forgive those who  
trespass against us, because we do not  
occupy the place of Creator and Judge  
towards our fellows, and because we  
ourselves are sinners like others. For  
the Creator to forgive sin and remit  
its penalty unconditionally would be  
to admit either that the Law and pen-  
alty were too severe or that man was  
imperfect in his creation and unable  
to keep a perfect law.

**Justice Cannot Admit Either Premise.**  
Divine Justice cannot admit either  
premise. Man was created "very  
good," and the Law was reasonable,  
and the penalty just. For God to have  
overridden the justice of His own de-  
crees would have opened the door for  
transgressions on the part of angels,  
for each creature might justly claim  
the privilege of sin and forgiveness.  
This would vitiate justice. Instead,  
God manifested His love by providing  
a satisfaction for man's sin, a substi-  
tute under the penalty—Jesus.

The Logos was made flesh, and died  
willingly; "for the joy that was set be-  
fore Him He endured the cross." The  
joy included the work mentioned in  
our text and also His own exaltation  
to the right hand of Divine Majesty.

Thus the Man Christ Jesus laid down  
an unforced human life and received  
the divine nature and glory far above  
angels. The human life laid down is  
to be "a ransom for all, to be testified  
in due time." (1 Timothy II, 6.) But  
that due time has not yet come nor has  
that sacrifice been appropriated for  
mankind. Hence "the sin of the world"  
is not yet taken away, although as the  
Mediator, Jesus has laid the price of  
human redemption in the hands of Di-  
vine Justice.

Jesus awaits the gathering of the  
Church, over whom He is Head. He,  
with the Church, His Body, will con-  
stitute the great Mediator, who will in-  
augurate the New Covenant, after com-  
pleting His "better sacrifices." (He-  
brews IX, 23.) The first of these was  
His own flesh; the remainder is the  
flesh of His Church; thus He said to  
Saul of Tarsus, "I am Jesus whom  
thou persecutest." See also Ephesians  
V, 30-32.

When the foreordained number of  
His members shall have passed to Him  
beyond the veil, then the great Medi-  
ator will be completed. Then blood-  
atonement will be applied on behalf of  
the world, and Divine Justice will ac-  
cept that ransom-price. Thereafter the  
world will be free from the death sen-  
tence. Forthwith Christ will establish  
His Kingdom for restoring all that was  
lost in Adam.

No longer will it be true that the  
world lies in the Wicked One; thence-  
forth the world will be under Messiah's  
Kingdom. Satan will be bound. The  
knowledge of the Lord will fill the  
earth, and every creature will have op-  
portunity of return to the Father's  
House. The wilfully disobedient will  
be destroyed in the Second Death.

**"We Have an Advocate."**  
It will be observed that the Church  
is separate and distinct from the world  
and developed as the Body of the Medi-  
ator. The Church is called to become  
partaker of her Redeemer's sufferings  
and His divine nature. She was, by  
nature, "children of wrath even as oth-  
ers," hence needs Divine mercy also.

The invitation of this Age is to suf-  
fer with Christ, to sacrifice earthly in-  
terests and hopes, to be dead to the  
world with Him, and thus to be made  
sharers with Him in His heavenly  
glory and Kingdom.

But none is worthy to offer sacrifice  
nor could God accept imperfect sacrifices;  
hence the Divine provision is that  
we present our bodies to the High  
Priest for sacrifice. He then becomes  
our Advocate, and, in harmony with  
the Divine will, accepts us as "His  
flesh" and sacrifices us as such, imput-  
ing to us of His own merit to cover  
our blemishes. Thus the Church is  
"accepted in the Beloved." Thus suf-  
fering with Him as His members, we  
receive also a share with Him in His  
reward as members of the Body of  
Messiah, the Mediator, Prophet, Priest  
and King, through whom God's bless-  
ings are soon to be dispensed to the en-  
tire groaning creation, under the terms  
of the New Covenant. An apprecia-  
tion of the Divine arrangement helps  
us greatly to estimate our privilege of  
suffering with Him, that we may also  
reign with Him.

**Quaint Customs in Abyssinia.**  
Quaint customs prevail in parts of  
Abyssinia. When a father is getting  
on in years the son bids him climb into  
a tree and jump down from the  
branches. If the old man staggers on  
landing the son seizes him on the spot  
—his usefulness is over. One tribe had  
a custom of sewing chance visitors up  
in green hides and leaving them to be  
killed by the contraction of the skins.  
With another the only orthodox way  
of dealing with strangers was to tie  
them in a bundle and roll them over a  
pinnacle.—London Mail.

## The Clothes Luxurious

**D**AME FASHION, through her favorite STYLE-CRAFT de-  
signers, decrees that the most notable departure in women's  
and misses' coats this season shall be extremely mannish-  
effects. The cloths themselves lend piquancy to the plan. There  
are plenty of those rough, wooly, shaggy effects so much sought  
after by women of good taste. Then come the cozy chinchillas, the  
soft boucles, the solid-color cloths with plaid backs, the breezy che-  
viots and wiry serges, the perennial broadcloths, etc., etc., all  
worked up into a wonderful assortment of plain colors and con-  
trasting combinations.

It's the collar effects, however, that are the real features—the piece  
de resistance—of the new Fall and Winter coats. Here we see  
ingenuity at its best. Imagine an outer garment that allows of  
three different forms of fastening at the neck! Could anything be  
more novel or economical? No chance of tiring of any particular  
style. It's as easy to convert the collar into the new muffler fad as  
it is to turn back to the open-neck style showing lapels and collar  
tabs. Nor must we omit to mention the broad shoulders, belted  
backs, yokes and patch pockets in many of the garments, empha-  
sizing still further the dominant masculine note.

We will be pleased to show you

### REMOVES BURNED GASES.

Device For Cleaning Motor Cylinders  
of Combustion Products.

The time available for the removal  
of the products of combustion after  
the power stroke in the motor is too  
short to permit of complete scavenging.  
How to realize the best possible condi-  
tion of getting rid of burnt gases is the  
problem. In view of the fact that the  
piston does not sweep the whole space,  
some of the mixture, after it is burn-  
ed, must depart under the force of pres-  
sure, says the Automobile Dealer and  
Repairer. After the terminal pressure  
dies out the part of the gas that is usu-  
ally left behind is that which accounts  
for bad scavenging.

It has been found in practice that  
the scavenging condition may be im-  
proved by using a small diameter pipe

CYLINDER CLEANING DEVICE.

between the transfer port on the ex-  
haust side of each cylinder of the mo-  
tor and a receiver, as shown in the  
accompanying illustration. A is the  
cylinder, B the individual exhaust  
pipe, C the receiver and D the arm.  
In this plan, owing to the small diam-  
eter of the connecting pipe, the speed  
of the departing exhaust product is ac-  
celerated, and the exhausting "fluid"  
is compacted. The gas molecules seem  
to persist in accompanying each other  
on the journey, and the tail of the gas  
body follows the head, and in this way  
the rarefied gas in the combustion  
chamber at the tail end of the exhaust-  
ing period follows in the train of the  
departing fluid, thus more or less com-  
pletely scavenging the space. It has  
been found under certain well defined  
conditions that a vacuum will reside in  
the cylinder after the exhaust leaves,  
which vacuum very readily fills with  
the incoming mixture.

**WEIGHT OF OUR RAINFALL.**  
Enormous Volume of Water Precipi-  
tated in the United States.

George A. Lindsay, writing in the  
"Transactions of the Academy of Sci-  
ence of St. Louis," gives some interest-  
ing statistics of the rainfall of the  
United States not expressed in the  
conventional inches of depth, but in  
the aggregate volume and weight of  
the moisture that falls annually over a  
given area. To any one who is fami-  
liar only with the customary method of  
stating rainfall it is somewhat start-  
ling to learn, for instance, that 43.9  
cubic miles of rain fell in Missouri  
during the year 1896. This is decid-  
edly more impressive than the statement  
that the rainfall was about forty  
inches.

In the same year 1,296.4 cubic miles  
of water is computed to have fallen  
over the whole area of the United  
States, and the average annual rain-  
fall is somewhat greater than this—  
viz. 1,308 cubic miles, weighing 6,000-  
000,000,000 tons. As an illustration of  
the fact that most of the water that  
falls as rain never reaches the sea  
through the medium of drainage, but is  
evaporated from the land, Mr. Lindsay  
shows that the discharge of the Mis-  
sissippi river at St. Louis is but little  
greater than the volume of rainfall  
over the state of Missouri alone de-  
spite the enormous area drained by the  
river above that point.

**Largest Door in the World.**  
"The largest door in the world," says  
La Revue Scientifique, "is now being  
constructed at Cherbourg, France, for  
one of the drydocks of the arsenal." It  
measures over 124 feet long by 59  
broad and has cost \$160,000. A num-  
ber of similar doors are said to be also  
under construction for other French  
naval ports.

## JOHN M. TAYLOR ON W. & L. BOARD

Mayor Dunn Appoints Northeast Brainerd Man to Fill the Vacancy on the Board

## HIGH LICENSE IS TABLED

Hugo Schwartzkopf and R. M. Sheets Petition for Removal of M. T. Dunn From Board

Seven aldermen were present at last night's session of the council, including Aldermen Elder, Fogelstrom, Webb, Dieckhaus, Olson, Anderson and President Rowley. Aldermen Purdy, Lagerquist and Henning were absent.

Mayor H. P. Dunn submitted the following communication: "I hereby appoint Mr. J. M. Taylor a member of the water and light board to succeed Mr. Joseph Schwartz, who has resigned on account of continued absence from the city."

On motion, the council confirmed the nomination.

Attorney W. W. Barron presented the petition of Hugo Schwartzkopf and R. M. Sheets vs M. T. Dunn, asking for the removal of the latter from the water and light board.

The preamble states: "The petitioners allege and show to the city council of the city of Brainerd that they are resident citizens and consumers of water and light of the city of Brainerd and that they make this petition for and in behalf of all other citizens and consumers of water and light in the city of Brainerd."

Their allegations merely cover the ground of the allegations made by petitioners in a former case against the water and light board which the council heard as a body and in which they gave a verdict "that no charges be preferred against any official of the city."

In conclusion "the petitioners, (Hugo Schwartzkopf and R. M. Sheets), demand that the city council, pursuant to Section 12 of the city charter, shall proceed forthwith to remove the said M. T. Dunn from his office as president of the water and light board, and shall declare such office vacant; that the city council, pursuant to Section 21 of the city charter, shall appoint a special counsel to represent the city in the trial of the said M. T. Dunn, the present city council being disqualified from conducting said trial."

Alderman Fogelstrom, seconded by Alderman Webb, made a motion to refer the petition to the city attorney to report at the next meeting.

Attorney Barron objected to referring it to Mr. Ryan.

Mr. Fogelstrom: "Mr. Ryan was elected city attorney and is so until he is removed and we have a right to refer it to him."

A vote was taken on the motion, Aldermen Elder, Fogelstrom, Webb, Dieckhaus, Anderson and Rowley voting yes and one alderman, Mr. Olson voting no.

Alderman Elder, in voting, stated that the council had elected Mr. Ryan city attorney and that it was proper to refer the petition to him.

The saloon license ordinance, No. 254, scheduled to raise licenses from \$500 to \$1,000 and containing other provisions, was up for its second reading. Some discussion was had because several of the aldermen wanted no vote taken unless every member of the council was present to have his vote recorded. No action was taken and the ordinance was tabled for the time being.

Turcotte & Son asked permission to install a gasoline pump on the sidewalk and after some discussion no action was taken.

John Ernster asked permission to erect a cement block garage on lots 7 and 8, block 67, at and near the site of the Everett & Hitch building, and presented the plans for the approval of the building inspector.

Mr. Ernster also requested the removal of the city scales. This latter request was referred to the street committee to report to the council at the next meeting.

J. W. Koop asked permission to install 140 feet of gutter in front of his Seventh street and Laurel street property similar to that installed by the Michael and Slipp-Gruenhagen stores. The request was granted, the work to be passed on by the city engineer.

Three bids on South Seventh street cement paving were received from Everett & Hitch, James F. Vaughn and Ritari Brothers, the latter enclosing no certified check. On motion all bids were rejected and the certified checks returned.

The bond of the Brainerd State bank was filed. A liquor license application of Jerry Crowley, 121 Kindred street, was granted.

Alderman Dieckhaus in reporting on finances and taxes, urged the council to go lightly on the current expense fund. Alderman Fogelstrom made a vigorous objection about the general sewer, that a lot of repairing had been done in the council chambers and none what-over on the sewer.

The report of receipts and disbursements for the month of August as submitted by the city clerk, was as follows:

## Curious French Market.

There is a curious old market near Paris in which everything is sold at secondhand. Working girls can fit themselves out there from head to foot. As a writer says: Mimi can sell her old felt hat and buy a straw one, exchange her old dress for a new one and, if she likes, buy a steak and a salad for her dinner, a paper bag of fried potatoes, sweets and some flowers for her window. Democracy is king here, and no more attention is paid to the millionaire who is looking for something marvelous which he may pick up cheap than to the man with a wooden leg who wants a new boot in exchange for a dozen sardine tins, five gloves and a stocking.

## Indian Killed on Track

Near Rochelle, Ill., an Indian went to sleep on a railroad track and was killed by the fast express. He paid for his carelessness with his life. Often it is that way when people neglect coughs and colds. Don't risk your life when prompt use of Dr. King's New Discovery will cure them and so prevent a dangerous throat or lung trouble. "It completely cured me, in a short time, of a terrible cough that followed a severe attack of Grip," writes J. R. Watts, Floydada, Tex., "and I regained 15 pounds in weight that I had lost." Quick, safe, reliable and guaranteed. 50c and \$1.00. Trial bottle free at all druggists.

Deafness Cannot be Cured  
We will give One Hundred Dollars for any case of Deafness (caused by catarrh of the middle ear) that cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

It wasn't long before he had things going right—he thought. He had raised the window for her and readjusted the blind; he had fished her bag from under the seat, where the porter had shoved it; he had placed her pillow in a better position for her; he had handed her a magazine; he had looked after her comfort in every way he possibly could, and she had been very sweet about it besides. He thought he was coming along splendidly. She started to get off the train before he expected her to leave, but he carried her luggage to the platform for her. ## FOR MARKING LAUNDRY.

Directions For Making a Suitable Copper Stencil.

A stencil suitable for marking laundry may be easily made as follows: First procure a small sheet of "stencil sheet copper" about one inch wide and four inches long, says Popular Mechanics. Dip this sheet of copper in a vessel containing some melted beeswax, so that both sides will be evenly covered with a thin coat of the wax when it cools. The design—name, monogram or figure—that is wanted in the stencil should now be drawn upon a piece of thin white paper, the reverse side of the paper blackened with graphite and then laid on the stencil plate with the design in the center of the plate, whereupon the design is lightly traced with a blunt point on the thin wax coating. After the paper is removed trace the design on the wax surface with a pointed instrument, but not completely, the lines being broken at more or less regular intervals to form "holders," so that, after etching, the design cannot fall out.

Next lay the stencil in a small shallow dish and pour a small quantity of fresh nitric acid over it. Keep the air bubbles removed from the surface by means of a piece of soft feather. The design will be eaten away in a very short time where the wax has been removed, and this may be readily observed by holding the stencil plate up to the light. The acid should then be rinsed off with water and the wax removed by heating and wiping it off with a cloth. The stencil may be given a final cleaning in a dish of benzine or gasoline, which will remove any remaining wax.

## CHANCE.

Chance never yet writ a legible book, never built a fair house, never drew a neat picture, never did any of these things nor ever will, nor can it without absurdity be supposed to do them, which are yet works very gross or rude and very easy and feasible, as it were, in comparison to the production of a flower or a tree.—Barrow.

## "CASCARETS" FOR A SICK, SOUR STOMACH

Gently but Thoroughly Cleanse and Regulate Your Stomach, Liver and Bowels While You Sleep

That awful sourness, belching of acid and foul gases; that pain in the pit of the stomach, the heartburn, nervousness, nausea, bloating after eating, feeling of fullness, dizziness and sick headache, means a disordered stomach, which cannot be regulated until you remove the cause. It isn't your stomach's fault. Your stomach is as good as any.

Try Cascarets; they immediately cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the intestines and bowels. Then your stomach trouble is ended. A Cascaret tonight, will straighten you out by morning—a 10-cent box from any drug store will keep your stomach sweet; liver and bowels regular for months. Don't forget the children—their little insides need a good, gentle cleansing, too.

## JOHN M. TAYLOR ON W. & L. BOARD

Mayor Dunn Appoints - Northeast Brainerd Man to Fill the Vacancy on the Board

## HIGH LICENSE IS TABLED

Hugo Schwartzkopf and R. M. Sheets Petition for Removal of M. T. Dunn From Board

Seven aldermen were present at last night's session of the council, including Aldermen Elder, Fogelstrom, Webb, Dieckhaus, Olson, Anderson and President Rowley. Aldermen Purdy, Lagerquist and Hennings were absent.

Mayor H. P. Dunn submitted the following communication: "I hereby appoint Mr. J. M. Taylor a member of the water and light board to succeed Mr. Joseph Schwartz, who has resigned on account of continued absence from the city."

On motion, the council confirmed the nomination.

Attorney W. W. Barron presented the petition of Hugo Schwartzkopf and R. M. Sheets vs M. T. Dunn, asking for the removal of the latter from the water and light board.

The preamble states: "The petitioners allege and show to the city council of the city of Brainerd that they are resident citizens and consumers of water and light of the city of Brainerd and that they make this petition for and in behalf of all other citizens and consumers of water and light in the city of Brainerd."

Their allegations merely cover the ground of the allegations made by petitioners in a former case against the water and light board which the council heard as a body and in which they gave a verdict "that no charges be preferred against any official of the city."

In conclusion, "the petitioners (Hugo Schwartzkopf and R. M. Sheets), demand that the city council, pursuant to Section 12 of the city charter, shall proceed forthwith to remove the said M. T. Dunn from his office as president of the water and light board, and shall declare such office vacant; that the city council, pursuant to Section 21 of the city charter, shall appoint a special counsel to represent the city in the trial of the said M. T. Dunn, the present city council being disqualified from conducting said trial."

Alderman Fogelstrom, seconded by Alderman Webb, made a motion to refer the petition to the city attorney to report at the next meeting.

Attorney Barron objected to referring it to Mr. Ryan.

Mr. Fogelstrom: "Mr. Ryan was elected city attorney and is so until he is removed and we have a right to refer it to him."

A vote was taken on the motion, Aldermen Elder, Fogelstrom, Webb, Dieckhaus, Anderson and Rowley voting yes and one alderman, Mr. Olson voting no.

Alderman Elder, in voting, stated that the council had elected Mr. Ryan city attorney and that it was proper to refer the petition to him. The saloon license ordinance, No. 254, scheduled to raise licenses from \$500 to \$1,000 and containing other provisions, was up for its second reading. Some discussion was had because several of the aldermen wanted no vote taken unless every member of the council was present to have his vote recorded. No action was taken and the ordinance was tabled for the time being.

Turcotte & Son asked permission to install a gasoline pump on the sidewalk and after some discussion no action was taken.

John Ernster asked permission to erect a cement block garage on lots 7 and 8, block 67, at and near the site of the Everett & Hitch building, and presented the plans for the ap-

proval of the building inspector. Mr. Ernster also requested the removal of the city scales. This latter request was referred to the street committee to report to the council at the next meeting.

J. W. Koop asked permission to install 140 feet of gutter in front of his Seventh street and Laurel street property similar to that installed by the Michael and Slipp-Gruenhagen stores. The request was granted, the work to be passed on by the city engineer.

Three bids on South Seventh street cement paving were received from Everett & Hitch, James F. Vaughn and Ritari Brothers, the latter enclosing no certified check. On motion all bids were rejected and the certified checks returned.

The bond of the Brainerd State bank was filed. A liquor license application of Jerry Crowley, 121 Klindred street, was granted.

Alderman Dieckhaus in reporting on finances and taxes, urged the council to go lightly on the current expense fund. Alderman Fogelstrom made a vigorous objection about the general sewer, that a lot of repairing had been done in the council chambers and none whatever on the sewer.

The report of receipts and disbursements for the month of August as submitted by the city clerk, was as follows:

The stencil may be given a final cleaning in a dish of benzine or gasoline, which will remove any remaining wax.

## CHANCE.

Chance never yet writ a legible book, never built a fair house, never drew a neat picture, never did any of these things nor ever will, nor can it without absurdity be supposed to do them, which are yet works very gross or rude and very easy and feasible, as it were, in comparison to the production of a flower or a tree.—Barrow.

## "CASCARETS" FOR A SICK, SOUR STOMACH

Gently but Thoroughly Cleanse and Regulate Your Stomach, Liver and Bowels While You Sleep

That awful sourness, belching of acid and foul gases; that pain in the pit of the stomach, the heartburn, nervousness, nausea, bloating after eating, feeling of fullness, dizziness and sick headache, means a disordered stomach, which cannot be regulated until you remove the cause. It isn't your stomach's fault. Your stomach is as good as any.

Try Cascarets; they immediately cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the intestines and bowels. Then your stomach trouble is ended. A Cascaret tonight, will straighten you out by morning—a 10-cent box from any drug store will keep your stomach sweet; liver and bowels regular for months. Don't forget the children—their little insides need a good, gentle cleansing, too.

### TRACK LAYING MACHINE.

Device Places Ties and Rails in Position For the Spikers.

The modern track laying machine should not be confused with track laying tools, as this machine is not a tool but a real machine that actually lays tracks, says the Scientific American. The machine moves steadily forward over the track it lays at a rate of from twelve to forty feet per minute. At the rear of the track laying machine are cars loaded with ties and rails. The cars which carry the ties are in advance of those carrying the rails. The rails are drawn forward on rollers and are connected temporarily one to the other. As the rails pass under the cars which carry the ties the latter are distributed upon the rails and spaced apart uniformly. The chain of rails thus serves to transport the ties toward the track laying machine. As the rails enter the machine the ties are picked up by a conveyor and carried overhead. They are distributed on the roadbed at the end of a truss that reaches far in advance of the main body of the track laying machine. The rails in the meantime are carried forward and deposited upon ties previously laid. The truss may be swung to one side or the other

in order to allow for passing around curves.

The track laying machine is self-propelling. It hauls a train of twenty-five cars of material, more or less depending upon the grade. A train of twelve cars will carry enough material for a mile of track. This machine, with eighteen men, including spikers, can lay and bolt and spike a half a mile of track per day. With a larger force of men two miles of track may be laid in a single day.

### Puns.

The pun was at its climax early in the nineteenth century. Thomas Hood was a master punster, especially in verse. No better examples can be found anywhere than those in "Miss Kilmansegg" and the "Tale of a Trumpet." What could be neater than the argument of the fiddler trying to sell an ear trumpet:  
There was a Mrs. F.  
So very deaf  
She might have worn a percussion cap.  
And been knocked on the head  
Without hearing it snap.  
Well, I sold her a trumpet,  
And the very next day  
She heard from her husband at Botany bay.

## BARROWS

The new mining town on the Cuyuna range, offers splendid opportunities for investment and for the establishment of business in various lines. This town is located in the richest part of the range, adjoining the Barrows mine, which will ship ore this season, and where a large force of men is now employed in putting down the third shaft, two being already completed. A number of other mines adjacent to the townsite will be opened up, making Barrows one of the greatest mining centers on the range. Streets are graded, cement sidewalks in, and buildings are going up rapidly. Lots are now offered at from \$150 to \$400 on the partial payment plan. Buy now while you can buy at the first offered price; get located in a live new town and prosper with the development of the country.

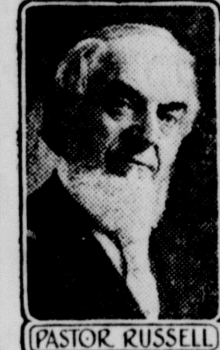

A few years ago lots that were sold in Hibbing, Virginia and Chisholm at the prices we are now asking are worth today several thousand dollars. For further information apply to

## ONE SACRIFICE FOR SINS FOREVER

The Scriptural Testimony Is, "Christ Dieth No More."

A Different View of the Doctrine of the Mass—A Long-Standing Mistake Pointed Out in Respect to It—Referred to by Daniel the Prophet as "the Abomination That Maketh Desolate."

PASTOR RUSSELL

London, Sept. 1.—Pastor Russell's text for today was: "After He (Jesus) had offered one sacrifice for sins forever He sat down on the right hand of God, . . . for by one offering He hath perfected forever them that are sanctified."—Hebrews x, 12-14. The Bible is most explicit in its declaration that Jesus, as the antitypical High Priest, offers but one sacrifice of Himself for the sins of the world. In our context St. Paul points to the typical sacrifices, "which could never take away sin," and then he tells us that the one sacrifice on the Antitypical Atonement Day, by the antitypical High Priest, is so complete as to leave nothing further to be done—"Christ dieth no more; death hath no more dominion over Him."

### Sacrifice of the Mass.

However, we behold two great Christian communions holding a different view—the High Church of England and the Church of Rome. Both hold the doctrine introduced into the Church about the fourth century—the doctrine of the Mass. This doctrine holds that the death of Christ cancels original sin for believers; but it philosophizes that since sins committed after coming into the family of God need cancellation also, and that since nothing except the blood of Christ, the death of Christ, can take away sin, and the merit of His death at Calvary having been used to cancel our past sins, a fresh sacrifice of Christ is necessary for the more recent sins.

Applying this philosophy, these Christian brethren perform a common, or Low Mass, for general sins in a congregational way, and High Mass for special sins. The congregation assembled, praise and prayer are chanted, and then the officiating priest approaches what they call the altar of sacrifice. On it are the bread and wine, which, being blessed, are "instantly turned into the actual flesh and actual blood of Christ."

### Where Lies the Mistake?

With our convenient Bibles (Catholic and Protestant) we have much advantage over our brethren of the fourth century who invented the doctrine of the Mass. We now see that this doctrine is unscriptural and that the bishops erred—in other words, they were not inspired; they were not successors of the Twelve. Whatever things they bound on earth were not bound in heaven.

Bible students see clearly that the one sacrifice of Christ is sufficient for the sins of the whole world—past, present and to come. But God does not propose in any manner to forgive sins wilfully committed. They receive stripes, or punishments, in proportion to their wilfulness. Our need then is, not to attend Low Mass or High Mass, but to go directly to the Lord in the name and merit of our Advocate. Thus the Apostle enjoins us saying, "If any man (in the Church) sin, we have an Advocate with the Father, Jesus Christ the Righteous." (1 John ii, 1.) The thought that sin in every instance requires atonement is quite Scriptural and the thought that "without the shedding of blood there is no remission of sins" is Scriptural. (Hebrews ix, 22.) But the thought that Christ needs to die more than once is antagonistic to the Scriptures, as we have seen.

### The Abomination of Desolation.

Nearly nineteen centuries ago our Redeemer mentioned "The Abomination of Desolation, spoken of by the Prophet Daniel." (Matthew xxiv, 15.) The Master declared that when this Abomination should be seen those noting it should understand and flee.

For long centuries the Abomination was supposed to refer to the carrying of Roman banners within the holy precincts of the Temple at Jerusalem. It did seem strange that so comparatively insignificant a matter should be mentioned by Jehovah through Daniel

the Prophet and should then be referred to by Jesus Himself; but we saw no other interpretation. Of late there is another interpretation. It refers our Lord's prophecy specially to the end of this Age and the great time of trouble soon to come upon the Church and upon Christendom.

In this view the Abomination of Desolation signifies a reprehensible doctrine introduced into the Church, the true spiritual temple—into the Holy Place. This influence would continue for long centuries before its defiling character would be recognized. Then all so recognizing it should know that the Time of Trouble and the New Dispensation are near and should make all haste to separate themselves from everything associated with the Abomination—they should forsake the error and flee to the mountain heights of Truth, as Lot and his family fled from Sodom.

### Measuring Nature.

Nature is not benevolent. Nature is just, gives pound for pound, measure for measure, makes no exceptions, never tempers her decrees with mercy or winks at any infringement of her laws. And in the end is not this best? Could the universe be run as a charity or a benevolent institution or as a poorhouse of the most approved pattern? Without this merciless justice this irrefragable law, where would we have brought up long ago? It is a hard gospel, but rocks are hard, too, yet they form the foundations of the hills. Man introduces benevolence, mercy, altruism, into the world, and he pays the price in his added burdens, and he reaps his reward in the vast social and civic organizations that were impossible without these things.—John Burroughs in Century.

### An Uncrowned King of France.

The president of the French chamber enjoys an almost regal state. Every time he goes to his official palace in the Quai d'Orsay he is greeted by beating drums. Whenever there is a ministerial crisis he must be summoned by the president of the republic to give his advice. He receives what is an extraordinary salary for a French official—100,000 francs per annum. The appointment dates from the days of the convention. On Sept. 21, 1792, was held the debate by which the appointment was created. The first president was Petion, a violent Girondist. His six secretaries were also Girondists. It was symptomatic of the times that eight months later the seven were condemned to the guillotine by the deputies who elected them.

### Help One Another.

A man who stands alone, having decided to obey the truth, may be weak and slip back into his old ways. Therefore stand ye together, assist one another and strengthen one another's efforts.
